11:00 am–9:00 pm

Triennale Milano,
Viale Alemagna, 6 20121 – Milan

KOYORI launch exhibition will express the twist and mix of cultures and perspectives. Through its products and installation, visitors will experience not only the blend of East and West, innovation and tradition, but also a narrating story of Japanese values, material, and craftsmanship.

Five wooden chairs designed by the Paris-based brothers Ronan & Erwan Bouroullec and the Danish-Italian design duo GamFratesi are presented in the brand's first collection. In addition, tables will be disclosed at the exhibition, along with the chair collection.
